Section 3 Improvement actions

What preventive or corrective actions have you implemented in response to the feedback?

In order to maintain positive response rate of good facilitation from trainer, we run regular facilitators meeting to receive feedback and provide training and assessment recommendations. We facilitate the discussion among the

facilitators to trigger innovation and improvement in the training delivery area.

How will/do you monitor the effectiveness of these actions?

Continuous improvement meeting is being held every 4th week each month to ensure the action items, as results of operation changes and validations, are monitored and communicated to both internal and external team across the states.
